Get Down

Emmalyn Estrada

You got, Issues
But God knows, that Ive got mine too
We're off, we're on
Emotions bruised till they're black and blue
You run, I hide
But we keep this thing alive
Aint done, Feels right
So lets give it one more fightChorus:
If you're up for it
Lets get it right this time around
Get Down Get DownIf you're cool with it
Lets get it hot this time around
Get Down Get DownAyy Oh Ayyy You ready?
To Get Down Get Down
Ayy Oh Ayyy You ready?
To Get Down Get DownMust be, crazy
Crazy in love to wanna try it again
Too hard, two hearts
Neither one of us is gonna let this end
You run, I hide
But we keep this thing alive
Aint done, Feels right
So lets give it one more fightIf you're up for it
Lets get it right this time around
Get Down Get DownIf you're cool with it
Lets get it hot this time around
Get Down Get DownAyy Oh Ayyy You ready?
To Get Down Get Down
Ayy Oh Ayyy You ready?
To Get Down Get DownWe keep on doin this
We think were through with this
But you and I can never get enough of this
Time to lose the pride
Put the ish aside
And G-G-G- Get Down Get Down
We re-doin this
Never through with this
Cause you and I both know that youre lovin this
Time to swallow the pride

Put the ish aside
And G-G-G- Get Down Get Down, right?
