

Catch the Stars (feat. Paul Aiden)

Andy Wild & WEARE!

Heart bumpinâ€™ in my chest,
Music pumpinâ€™ in my head,
As we wait in line.

Feel the weight of the water as it turns,
Feel the heat of the gravity burn,
Through the night we ride.
As the lights flush I,
Almost touch the sky.
As I think, I shut my eyes.

Chorus

Weâ€™ll put our hands in the air,
Weâ€™ll put our hands in the air,
To catch the stars as they fall down.
Weâ€™ll put our hands in the air,
Weâ€™ll put our hands in the air,
To catch the stars as they fall down.

Itâ€™s like Iâ€™m laying on a cloud,
See the smoke rising up through the crowd,
Now we finally ride, yeah.
All I need is a beat and a song,
Never tried to hurt anyone,
Itâ€™s a no one be right.
As the lights flush I,
Almost touch the sky.
When I think, I shut my eyes.

Weâ€™ll put our hands in the air x4
To catch the stars as they fall down.

Chorus
