My Vampire Heart

Tom McRae

Darling I'm lost
Adrift in the dark
I'm clutching your words
To my vampire heart once more

So let in the light
Turn me to dust
If it don't end in Bloodshed dear
It's probably not love

Here we are
In the darkest place
My reflection
Shows only your face

Something is found
Something is lost
Went looking for clues
On the streets of old New York

And I spilled someone's blood
I broke someone's heart again
Someone you know
You're looking at him my friend

And the people in our lives
We all leave behind
Leave behind

Here we are
In the darkest place
To keep from forgetting
I picture your face

And I wonder
While we count the cost
Which is sweeter
Love or it's loss

So I curse you

My vampire heart
For letting me you love you

Love you
For letting me love you
From the start
