

Molly

Palehound

Brother, selfish Molly has a way
Of making any plans for her day 'Cause she (I like) only knows (I like)
How to love (I like) all alone (I like)
It hurts (I like) in my bones (I like)
I swear, I swear, I swear
You better stick with me Mother, selfish Molly had us fooled
Milking all the dudes 'till they bruised 'Cause she (I like) only knows (I like)
How to love (I like) all alone (I like)
It hurts (I like) in my bones (I like)
I swear, I swear, I swear
You better stick with me
Oo, selfish Molly
Oo, selfish Molly
Oo, selfish Molly
Molly, Molly, Molly
