

# Nude As the News

## Cat Power

I still have a flame gun  
For the cute, cute, cute ones  
And I saw your hand  
With a loose grip on a tight ship I still have a flame gun  
For the cute ones  
To burn out all your tricks  
And I saw your hand  
With a loose grip on a very tight ship And I know that in the cold light  
There's a very big man  
There's a very big man  
Leading us into temptation Jackson, Jesse, I've got a son in me  
Jackson, Jesse, I've got a son in me And he's related to you, he's related to you  
He is waiting to meet you  
He's related to you, he's related to you  
He is dying to meet you Backhand, role reversal  
Where is someone  
Backhand, reversible roles  
I know there's someone I still have a flame gun  
For the cute ones  
To burn out all your tricks  
And I saw your hand  
With a loose grip on such a tight ship And I know that in the cold light  
Is a very big man  
Leading us into temptation Jackson, Jesse, I've got a son in me  
Jackson, Jesse, I've got the son in me And he's related to you, he's related to you  
He is waiting to meet you  
He's related to you, he's related to you  
He is dying to meet you  
He's related to you, he's related to you  
He's related to you, he's nude as the news Nude as the news, nude as the news, nude as the news
