Guess Who?

Miki Howard

(Guess who?)
Where's the girl who hurt herself last night?
(Guess who?)
Didn't kiss you and thought she was right
Everyone had told me
Be careful when he holds me
And I was
(Guess who?)
Had to listen to all that she hears
(Guess who?)
Has a pillow that's all wet with tears
You were oh-so tender
But I wouldn't surrender
Now you're gone
I told my friends he'll never get my heart
And when I kissed you
Had to resist you
Said better go
I hurt you so
Wished you had stayed
But I made you go away
(Guess who?)
Tried to be much too cool yesterday
(Guess who?)
Let the boy that she loves get away
I never should have listened
'Cause now your love I'm missin'
It's too late
Woah, it's too late, ahh, ha
I never should have listened
'Cause now your love I'm missin'
It's too late
Oh, it's too late
Ah, oh, ah, ah, oh
It's too late, mmm
