

Why?

Jacob Whitesides

Invisible, you saw right through me
Like a wrecking ball, the impact threw me
I know where I went wrong thinking you need saving
I knew it all along, I'm the loose wheel shakingWhy we try
 You got me wondering
 Why we try
 We can't keep changing
 You got me wondering
 Why we try
Invincible you shot right through me
Unsinkable but I'm drowning quickly
I know where I went wrong thinking you need saving
I knew it all along, now I'm overthinkingWhy we try
 You got me wondering
 Why we try
 We can't keep changing
 You got me wondering
 Why we try
 You got me wondering
 Why?
 You got me wondering
 Why we try
 You got me wondering
 Why we try
We can't keep changing
You got me wondering
 Why we try
 You got me wondering
 You got me wondering
 You got me wondering
