DNA

Little Mix

[Verse I]
(Perrie Edwards)
Does he tell you he loves you,
When you least expect it?
Does he flutter your heart,
When he kisses your neck?
No scientist,
Or biology
It's obvious,
When he's holding me.
It's only natural, that I'm so affected.
(Jade Thirlwall)
Oh,
And my heart won't beat again,
If I can't feel him in my veins.
No need to question,
I already know...[Chorus]
(All)
It's in his DNA, D-D-D-DNA,
It's in his DNA.
And he just takes my breath away,
B-b-b-breath away.
I feel it every day.
And that's what makes a man,
Not hard to understand.
Perfect in every way,
I see it in his face.
Nothing more to say,
Its in his D-D-D-DNA.[Verse II]
(Jesy Nelson)
It's the blue in his eyes,
That helps me see the future.
Fingerprints,
That leave me covered for days.
(Yeah hey yeah.)
Now I don't have,
Any first degree.
But I know,
What he does to me.

No need to work it out,
It so familiar.
oh(Jade)
And my heart won't beat again,
If I can't feel him in my veins.
No need to question,
I already know.[Chorus]
(All)
It's in his DNA, D-D-D-DNA,
It's in his DNA.
And he just takes my breath away,
B-b-b-breath away.
I feel it every day.
And that's what makes a man,
Not hard to understand.
Perfect in every way,
I see it in his face.
Nothing more to say,
Its in his D-D-D-DNA.(Leigh-Anne Pinnock)
It's all about his kiss,
Contaminates my lips.
Our energy connects,
It's simple genetics.
I'm the X to his Y,
It's the colour of his eyes.
He can do no wrong,
No he don't need to try.
Made from the best,
He passes all the tests.
Got my heart beating fast,
It's cardiac arrest.
He's from a different strain,
That science can't explain.
I guess it's how he's made,
In his D-D-D-DNA(All)
Ahhhhhhh (x4)(Perrie Edwards)
Whooa[Chorus]
(All)
