

# Tinker Bell Spell

## Clint Crisher

Get higher baby! Get higher baby!  
Oh yeah! Ya better not shout, oh no  
Are you ready to give it up?  
It's a way of life my friend  
You're like a kid again young dumb and free  
And what you want you'll get, oh yeah  
And everything one dreams to be I said  
Becomes reality see,  
"When you wish upon a star,  
Makes no difference who you are.  
Peter Pan was a man HOT DAMN  
Flew through the sky to busy bizness land  
But then the hook man controlled the plan  
Took the pan man to minutia land  
Makin everybody want the  
Makin everybody want the  
Tinker Bell Spell  
All ya need is trust and a little bit of pixie dust  
All ya need is trust and a little bit of pixie dust  
All ya need is trust and a little bit of pixie dust  
All ya need is trust and a little bit of pixie dust Don't be shy! you can ride  
Seize the night the moment's right  
intoxicate with the Tinker Bell Spell  
The time real tick tock tick tock  
Tick tock tick tock  
Tick tock tick Bustin through the atmosphere  
Flying through the sky  
Stop the worry, give up cotnrol  
Life's too short to be so droll, oh yeah!  
Be the bebe, give up the lie  
How long has it been since you've played doctor?  
Don't you think it's time you hop her?  
Re-connect with your inner chillan  
Have fun and spend the billion ching ching  
"When you wish upon a star,  
Makes no difference who you ."Peter Pan was a man HOT DAMN  
Flew through the sky to busy bizness land  
But then the hook man controlled the plan  
Took the pan man to minutiae land

Makin everybody want the  
Makin everybody want the  
Makin everybody want the  
Tinker Bell Spell

All ya need is trust and a little bit of pixie dust  
All ya need is trust and a little bit of pixie dust  
All ya need is trust and a little bit of pixie dust
