Love In Motion

Doug & Deb

Put your love in motion, put your love in motion.

Love came to earth and died for us to show us how to live.
He gave His heart, He gave His mind, His strength forgives.

So, walk in His ways, keep His commands,
Serve Him with your all.
Give Him your heart, your mind and strength, the one true call.

Get your love in, (motion)
Put your love in motion.
Set your love in, (motion)
Prove your devotion.

Get your love in, (motion)
Put your love in motion.
Set your love in, (motion)
Keep your heart open.

Get your love in, (motion)
Put your love in motion.
Set your love in, (motion)
Show them that you care, that you care.

If we help one another, they will know we are His.
If we can love each other, they may learn who He is.
So, always show His love in us, truly exists.

Get your love in, (motion)
Put your love in motion.
Set your love in, (motion)
Prove your devotion.

Get your love in, (motion)
Put your love in motion.
Set your love in, (motion)
Keep your heart open.

Get your love in motion.

Put your love in motion.

Get your love in motion.
Put your love in motion.

Get your love in motion.
Put your love in motion.

Show them you care.
