

# Real Girl

## Little Boots

I'm not a fantasy  
I'm not some kind of Holy Ghost  
I'm not a memory  
You turn to when you need it most I didn't promise I'll be perfect  
Didn't promise that I'll play the game  
So let's be honest, is this working  
Is this working that you hesitate?  
If I was to tell you All I really need  
Is not a happy ending  
Yeah, all I really need  
I wanna stop pretending  
If you treat me like a real girl  
Isn't that what you're here for?  
If you treat me like a real girl  
Won't you tell me that I'm worth more?  
If you treat me like a real girl It's not a mystery  
I long until you realize (I'm a real girl)  
When you stand in front of me  
It's something that you can't deny (I'm a real girl) While you're hoping I'll be flawless  
While you're wishing I'm a movie star  
Let's be open, do you want it  
Do you want it, would I get the part?  
If I was to tell you All I really need  
Is not a happy ending  
Yeah, all I really need  
I wanna stop pretending  
If you treat me like a real girl  
Isn't that what you're here for  
If you treat me like a real girl  
Won't you tell me that I'm worth more?  
If you treat me like a real girl I won't stop you if you choose  
That this colour's not for you  
If I'm still not getting proved  
There is nothing I can do 'Cause all I really need  
Is not a happy ending  
Yeah, all I really need  
I wanna stop pretending  
If you treat me like a real girl  
Isn't that what you're here for

If you treat me like a real girl  
Won't you tell me that I'm worth more?  
If you treat me like a real girl
