

# Will You Remember Mine (Ft. Lily Meola)

[Willie Nelson](#)

Sweet is the song when the song is love love that has stood the test of time  
And when you've heard all the songs of love will you remember mine  
Gone are the times that I walked with you and held your hand in mine Now when you hold another's hand will  
you remember mine  
I have sat 'neath the trees while the cool summer breeze  
Blew away the sands of time And thought of days when you were near remembering when you were mine  
Gone are the times when I held you close and pressed your lips to mine  
Now when you kiss another's lips will you remember mine  
I have sat neath the trees
