

# Live to Worship

## PureNRG

A simple offering is all that we bring  
We give you our life  
Claim you as king We are you service and before you we bow  
With every breath we make this foul Chorus:  
We will live to worship  
Give you praise  
With all our hearts  
For all our days  
Father we want to do  
What you created us to  
We will live to worship you Our every moment  
Is a gift of our grace  
We are all yours  
Now and always More than just words oh  
lord cry of our hearts  
Cause let our lives be  
How great you are We will live to worship  
Give you praise  
With all our hearts  
For all our days  
Father we want to do  
What you created us to  
We will live to worship you Holy,  
You are worthy  
You are lord  
I deserve you Holy,  
You are worthy  
You are lord  
I deserve you We will live to worship  
Give YOU praise  
With all our hearts  
For all our days  
We want to do  
What you created us to  
We will live to worship you We will live to worship  
Give you praise  
With all our hearts  
For all our days  
We want to do

What you created us to  
We will live to worship you
