Ignore, nore, nore, what ya calling for?

You didn't want me when I was there, you dumb boy

I'm long, long gone

Not worried about my phone

I know where to go to get what I want(Haha) Tonight I'm gon' forget that I'm your girlfriend

(Ha) Tonight I'm gon' treat it like it's my boyfriend

(Ha) Now look who's being annoying

(Ha-ha-ha-ha-ha) But tonight I live in the momentAll I need is the lights, the DJ on the mic

All I need right now is the d-d-dance floor

All I need is the floor, to get me in the zone

All I need right now is the d-d-dance floor

All I need right now is the d-d-dance floor (Woah, woah, woah)

People, music, light, DJ get my mood right, right

All I need right now is the d-d-dance floor

Dance floor floor, dance floor floor floor!Bla, bla, blab, what you talking bout?

You didn't listen when I was there but now

You yell, yell, yell and fill up my voicemail,

I'll worry bout it later right now I don't care!(Haha) Tonight I'm gon' forget that I'm your girlfriend

(Ha) Tonight I'm gon' treat it like it's my boyfriend

(Ha) Now look who's being annoying

(Ha-ha-ha-ha-ha) But tonight I live in the momentAll I need is the lights, the DJ on the mic

All I need right now is the d-d-dance floor

All I need is the floor, to get me in the zone

All I need right now is the d-d-dance floor

All I need right now is the d-d-dance floor (Woah, woah, woah)

People, music, light, DJ get my mood right, right

All I need right now is the d-d-dance floor

Dance floor floor, dance floor floor floor!Oh oh oh oh, oh no

I can't go home, I'm stuck right here on the dance floor

Oh no I'm losing control

It's gotta hold on me, don't wanna let go

I wanna dance, dance, dance under the lights, lights, lights

Long as I can, can, can, can, I'm gon' be here all night!All I need is the lights, the DJ on the mic!

All I need right now is the d-d-dance floor!

All I need is the floor, to get me in the zone!

All I need right now is the d-d-dance floor!

All I need right now is the d-d-dance floor (Woah, woah, woah)

People, music, light, DJ get my mood right, right

All I need right now is the d-d-dance floor
Dance floor floor, dance floor floor floor!(Woah, woah, woah)

DJ get my mood right

(Woah, woah, woah)

DJ get my mood right

(Woah, woah, woah)

DJ get my mood right

(Woah, woah, woah)
