

On Top Of The World

Yves V

Taking off
From the ground that we know its a long road
Looking for freedom
I know it's in our hearts
Don't be scared to start dreaming And as we fall the clouds
We will follow rivers
We will follow rivers
Face off the city light up in silver
Chasing lights of silver And living if we are afraid of heights
We would do what it takes to be the life
Changing right before we go heights
We're on top of the world
Yeah, on top of the world We can't go higher
We can't go higher
(On top of the world)
We can't go higher
(On top of the world)
We can't go higher Taking off
From the ground that we know its a long road
Looking for freedom
I know it's in our hearts
Don't be scared to start dreaming And as we fall the clouds
We will follow rivers
We will follow rivers
Face off the city light up in silver
Chasing lights of silver And living if we are afraid of heights
We would do what it takes to be the life
Changing right before we go heights
We're on top of the world
Yeah, on top of the world We can't go higher
We can't go higher
(On top of the world)
(On top of the world)
We can't go higher (On top of the world)
We can't go higher
(On top of the world)
(On top of the world)
We can't go higher
