

Save Me

Subrosa Union

If I ever needed help with anything you would assist me with my strife
Let me do the same to you and give respect to the one that treats me right

I think sometimes i'd be lost
If I didn't have your love (didn't have your love)
What i need to do is let you know
You save me when I'm down (you save me when I'm down)

No request of yours, I could ever deny
Oh, just tell me what you want
The test of time is proof we got nothing to lose
So i'll give it all I got

I think sometimes i'd be lost
If I didn't have your love (didn't have your love)
What i need to do is let you know
You save me when I'm down (you save me when I'm down)

Open my eyes, my day starts with you
Feel the sunshine as it's coming through
I don't want to leave, you want me to stay
Let's hold each other all day
We fall asleep, my day ends with you
Im starting to dream, is it coming true?
You except me, I just want to say
Let's love each other always (Yeah!)

I think sometimes i'd be lost
If I didn't have your love (didn't have your love)
What i need to do is let you know
You save me when I'm down (you save me when I'm down)
Oh Yeah.
