

# Vomit Upon the Cross

## Belphegor

Gloriole on your worm eaten head  
Foul air escapes your lying mouth  
Tyranny throughout the centuries of pain  
Blinded zombies followed into the declineKneeling... in a stinking church  
Crawling... before an image of godObliteration of adoration...Burn the scriptures - fuck your obnoxious sermons  
Shove the host - up your sanctimonious rectumsSon of stench - oppressor of vice  
Castrated savior - king of imbecility  
We press the thorns deeper into thy rancid body  
Perennial torture - get raped by our sins...Deride the martyrs of their crumbling dogmas  
Devoted vermin poisoned with impurity  
Shoot the servants of this rotten kingdom  
Abomination is the wages idolatryShed the blood of christ - vomit upon the crossKneeling... crawling...  
Praying... Dying...
