

# Love My Name (feat. John Recor

Mac Miller

[Chorus]

Baby if I dont have money (What)  
Then I dont have a heart beat (Thats right)

I know you gone love my name  
When you see it on the marquee

In the neon lights  
(See the neon lights)

In the neon lights  
(See the neon lights)

In the neon lights

I know you gone love my name

I know you gone love my name[Verse 1]

I usually write rhymes in the blackberry

But I went back to the pen for this one

So ima let my fingers do the talkin

And she probably what they talkin bout (Uhg Huh)

Girl you got to listen (Uhhh)

Im in this situation where you got me sittin waitin

And im losin all my patience

I just need a vacation(Vacation)

Your friends all player hatin(What?)

Cause Im the one you always stay awake with and spend the day with

Always wanna walk ya home

And you hate the way my day to day is on the road (Its okay)

Front row know every single song

When she know she comin home with me she always bring her thong

Bring her lingerie whatever moods she in

But a movie in

Got the lights dim

We gone make love til nights end

Have you callin up ya friends like oww I like him[Chorus]

Baby if I dont have money (What)

Then I dont have a heart beat (Thats right)

I know you gone love my name

When you see it on the marquee

In the neon lights  
(See the neon lights)

In the neon lights  
(See the neon lights)

In the neon lights  
I know you gone love my name  
I know you gone love my name  
[Verse 2]  
I know I take ya breath away darling  
Smooth playa treat you like a princess (uh huh)  
Cause love tricky like parallel parking (Ah hah)  
A business I wont invest  
But I show interest in that slim waist of yours  
And I smile when I see that pretty face of yours  
Givin you flavors that you aint even taste before  
We gone make love til you achin sore (achin sore)  
And baby dont worry ima be rich  
Name in the neon lights (In the neon lights)  
So how about you give me that kiss  
Cause you dont want to sleep tonight  
Your one night love gone get swept off ya feet  
Yeah lets get undressed from your breast to ya feet (breast to ya feet)  
Light a cigarette just to stay awake  
Liquor got us bangin like a 808[Chorus]  
Baby if I dont have money (What)  
Then I dont have a heart beat (Thats right)  
I know you gone love my name  
When you see it on the marquee  
In the neon lights  
(See the neon lights)  
In the neon lights  
(See the neon lights)  
In the neon lights  
I know you gone love my name  
I know you gone love my name  
[Bridge]
