Stark White Stork Approaching

The Features

Saw you kicking one another in the head
So I called upon the doctor, and the doctor said:
'What am I supposed to do?
There isn't one inside, but two,
and there's only so much room
inside a mother's womb.'

Stuck inside a dream.
Hope it lasts forever.
Long as we're together gonna dream my life away.
Vividly I see that stark white stork approaching.
Lately he's been coaching our little family.
fa fa fa...
(tired moan)
