

Skunk Song

Beaver Chief

I'm living in a funny neighbourhood
The blackies and the whities try to get along
But here comes Johnny with divide and rule
 He's always fucking up
But what do we do we go and vote them in
We give them power to destroy our lives for good
 We never give ourselves to chance to be
 Always looking up
 Skunk Anansie
 Skunk, skunk, skunk, skunk
 Skunk, skunk, skunk, skunk

 Skunk Anansie
 And the police we give them so much power
We're givin' 'em guns, we're givin' 'em lives to blow away
 And they protect us with their winning smiles
 It's time to fuck them up
 And how-do-we-do-that, how do we keep control
The first thing we must do is vote them out for good
 Kick all the corrupt insatiable fuckers out
 It's time for cooking up
 Skunk Anansie
