

# Baby Step Back

## Gordon Lightfoot

Advisory - the following lyrics contain explicit language:

Now it looks to me like the same old place  
In the sky it looks like rain  
The same old town with the same old streets  
The address has not change  
You can find me there  
With the door shut tight  
And the one wish that remainsBaby step back baby step back  
Either step up or step backNo you know I don't write no bad checks  
I have no wish to repent  
I've seen a few  
But whatever I do  
I don't cause no accidents  
Whiskey and wine help me pass the time  
I don't leave no evidenceBaby step back baby step back  
Either step up or step back  
Baby step back baby step back  
Either step up or step backStill I don't kneel down  
I was born to fight  
So you'd best leave me alone  
Maybe I'll get much more than I need  
Or much less than I should own  
Last of all let me say it again  
Either step up or step onBaby step back baby step back  
Either step up or step back  
Baby step back baby step back  
Either step up or step backBaby walk back baby walk back  
Either step up or step back  
Baby walk back  
Baby walk back  
Either walk on or walk back  
Baby step back baby step back  
Either step up or step back

Baby step back baby step back  
Either step up or step back
