

# Wonder

Brooke Hyland

Every day I think about you  
There's no way I'd ever get through  
Life can feel just like a tidal wave You were there to keep me floating  
And your smile just kept me going  
And your arms, they always kept me safe Now that you are gone  
How do I go on?  
Where's the hand that I once held so tight? It's just not the same  
Where's that burning flame?  
How'd it burn out though we once burned bright? Can you hear me when I call out your name?  
Can you see me when I jump in the rain?  
Can you feel me when the sun hits your face?  
I just wonder where you are every day Na-na-na-na, na-na-na-na-na  
Na-na-na-na, na-na-na-na-na  
Na-na-na-na, na-na-na-na-na, na Every song I ever hear is  
Is holding on to what I cherish  
Life has not just ever been the same Even though we're not together  
I just know life would be better  
With you here, wish you could only stay I want you to know  
Didn't want you to go  
You mean more to me than I've ever shown Can you hear me when I call out your name?  
Can you see me when I jump in the rain?  
Can you feel me when the sun hits your face?  
I just wonder where you are every day I remember when  
We were more than friends I remember then  
Thought it'd never end Can you hear me when I call out your name?  
Can you see me when I jump in the rain?  
Can you feel me when the sun hits your face?  
I just wonder where you are every day Can you hear me when I call out your name?  
Can you see me when I jump in the rain?  
Can you feel me when the sun hits your face?  
I just wonder where you are every day Na-na-na-na, na-na-na-na-na  
Na-na-na-na, na-na-na-na-na  
Na-na-na-na, na-na-na-na-na, na
