Chikasaw (Ten Inch Mix)

Pigface

I feel like burning this town
His fear is bringing me down
I feel like breaking this town
This fear is burning me now
(You wanna come get some?)
How can you live with this shit going on?I feel like burning this town
My fear is walking around
How can you lay low? (?)
How can you lay low? (?)
To be there is all I can do
Just one care is all I can find
I open my heart just to say
The mountain of rock *?* too
How can you lay low? (?)
How can you lay low? (?)
When I say I love you, I know that I lie
But I feel so good to scream it out loud
At least I try
This fear this fear is burning me now
This fear this fear is burning me now
This fear this fear is burning me now
This fear this fear is burning me nowMy fear is walking around
How can you lay low? (?)
How can you lay low? (?)
