

Chasing Time (Beshken Remix)

Azealia Banks

(Damn nigga damn, took a chance on ya, double and dipped again)

Go!

You could do your dance

Take a chance with your lover like this began!

Sing I want somebody who can take it apart

Stitch me back together make me into who I wanna be

But all you ever do is sit in the dark

Dealing with the Devil, you ain't never gonna be mine 'Cause I'm born to dance in the moonlight

I feel like spending my nights alone

I try to give you a little more space to grow

White lies, I don't wanna be around anymore

I'm through giving, I've got to go Am I chasing time?

'Cause I wasted all mine on you (you)

Am I chasing time? (time)

'Cause I wasted all mine on you (you) Check my watch, I had the future in my pocket

But I lost it when I gave it to you (you)

If tomorrow drops, I had my time right in my locket

But I lost it when I gave it to you (you) Damn, nigga, damn

Took a chance on you, double and dipped again

And, scram, nigga, scram

Hit your mans up and tell 'em to get the van

And reminiscing can't

Bring it back to the cabin in Michigan

But man, this the plan

Say goodbye to your lover cause this the end 'Cause I'm born to dance in the moonlight

I feel like spending my nights alone

I try to give you a little more space to grow

White lies, I don't wanna be around anymore

I'm through giving, I've got to go Am I chasing time?

'Cause I wasted all mine on you (you)

Am I chasing time? (time)

Cause I wasted all mine on you (you) Check my watch, I had the future in my pocket

But I lost it when I gave it to you (you)

If tomorrow drops, I had my time right in my locket

But I lost it when I gave it to you (you) Yo, get lost hit the highway, freeway

We've been off-course like the wrong-way relay

Need me a boss, you're a constant delay

These the kinda thoughts I've been having for three days

Feel like you're more of a homie

Please, you don't even know me
You think I'm starting new relations
I'm just departing and need my space and
Time to myself, ventilation
No time for you, I lack the patience
And you're like, "Girl, how you do that?"
My attitude is bitchy but you already knew that
And since we can't get along
I think we should both move on
(Go!)'Cause I'm born to dance in the moonlight
I feel like spending my nights alone
I try to give you a little more space to grow
White lies, I don't wanna be around anymore
I'm through giving, I've got to go Am I chasing time?
'Cause I wasted all mine on you (you)
Am I chasing time? (time)
'Cause I wasted all mine on you (you) Check my watch, I had the future in my pocket
But I lost it when I gave it to you (you)
If tomorrow drops, I had my time right in my locket
But I lost it when I gave it to you (you)
