One Hundred Punks (2002 Digital Remaster)

Generation X

They customized their gear and synchronized
(They) flame out in the streets with flame in their eyes
Guerrilla operator ain't heard of cool
Check out any wall, one hundred punks rule
One hundred punks ruleA hundred punks run with London town
Down Wardour Street to the Soho Sound
Don't sleep all week only when they fall downA hundred Rumble boys and Tumble girls
Protected by steel in a private world
Tomorrow's famous faces advertise today
And the studs on their back say
One hundred punks ruleA hundred punks run the loaded gun
They look so sharp they look like one
If you ain't got the look you'll never be oneA hundred punks run with total suss
A hundred good mates you know you can trust
There's never no bother and there's no fuss
Check out any wall, one hundred punks rule
One hundred punks ruleAnd Jimmy's no.101 knows one day he'll be One
Watch him, watch him go!A hundred punks run the leather army
I know whose by my side not at home with TV
Even when I'm down I hear them sing for me
Check out any wall, one hundred punks rule
One hundred punks ruleCheck out any wall, one hundred punks rule
One hundred punks rule
Check out, one hundred punks rule O.K.
