# All About the Ride

## The Navigators

Thereâ€™s a freedom when you ride
A freedom that I canâ€™t explain
Of rushing life going by
Troubles leaving the brain
Fresh cool mountain air
The smell of earths bouquet
Not one single damn care
Just you, your back and the highway

Chorus:
Some see us as rebels,
some see us as freaks
Weâ€™re fine with all the labels
And those that simply seek, yeah

Verse2:
Iâ€™m not saying go out and buy
To dress up in the park
Maybe I need to clarify
It needs to come from the heart
For riding is a way of life
Being proud to be free
To say goodbye to all strife
And leave behind your enemies

Chorus
Some see us as rebels
Some see us as freaks
Weâ€™re fine with all the labels
And those that simply seek

(Guitar solo)

Verse 3:
Thereâ€™s a reason why so many song
Have been written about the ride
Weâ€™re 7 million Strong
And weâ€™re filled with other pride
So it doesnâ€™t matter
Where you come from

Or what colour
Is your skin
We all beat
to a different drum
For me, Iâ€™m gonna keep on riding

Chorus
