

# Where I'm Going?

## Kottonmouth Kings

Life is dream  
It's funny thing too sometimes  
On the road of life it's full of surprises  
Twist and turns we look toward the sky for some guidance  
The sun goes down and it rises  
Withstood the sands of time  
And we'll find new horizons[Jonny Richter]  
sometimes I lay awake at night and try to figure it out  
is my life going north is it heading south  
I'm walking a fence between wrong and right  
trying to keep a level head try to keep my goals in sight  
it's hard as hell in this world today friends  
I've known for many years started acting strange  
things I cared about before seemed to just fade away  
now I'm left with these questions of today"When is the train gonna get back on track  
when am I even gonna care bout that  
why am I the one who's always delt the bad cards  
took the easy the road so long and now my lifes hard"Still I try to make it work out for the best  
and I know I've gatta clean up all this mess  
if I knew when I started where this all would end  
I' think id probablly do it all over again[Chorus]  
I don't know where I'm going  
But I know where I've been  
I went from having a little to having a lot  
I went from buying weed to growing potI don't know where I'm going  
But I know where I've been  
I've seen some people cry cause loved one's die  
I've looked in people's eyes and told some lies (yeah)[D-Loc]  
Skies are blue and the trees are grand  
Going to the place where life froze in between  
The beautiful hills mountains and streams  
The Mans country with my women living free  
Stay on my path follow my road  
Do all the right things to achieve my goals  
Perusing my dreams in this life I lead  
Become who I want when I want anytime I please  
I know where I'm going  
If I keep it on track  
Just stay on my line only time will tell

I pray to the one over looking my trail[Chorus][Daddy X]

I've been criticized

For speaking my mind

Been baptized in lies

And Given bad advice

Here's a word to the wise

Never compromise

Watch your back

As you watch your ends multiply

Look a man in his eyes

And never never say die

Keep your eye on the prize

And you'll stay on the rise

I'm a king world wide

My roots stay in the ground

I've been behind the glass but I always rebound

Outlet quick live life in the fast lane

Inbound Outbound my stride don't change

Stay true to myself cause I created the game

I got the whole world jumpin like the house of pain (jump)[Chorus x2]Where are we going and (where it end)

[x11]
