Captain Nemo

Moby Grape

There's a bitter wind in Tanganyika
And it keeps on blowing 'cross my mind
There's a bitter wind in Tanganyika
As I sit here and try to unwindBetter watch, your messing 'round
Better watch, your messing 'round
Better watch, your messing 'round
Better watch, your messing 'roundThere's a bitter wind in Tanganyika
As I sit here with a smile on my face
There's a bitter wind in Tanganyika
As I sit here, the same old placeBetter watch, your messing 'round
Better watch, your messing 'round
Better watch, your messing 'round
Better watch, your messing 'round
