

Mountain of the Sun

Greta Van Fleet

The sun shines brighter from above
And you're the woman that I love
Climb the mountain even higher
To kiss the sun fight the fire
Oh, well I'll make you mine
You're my sunshine
I'll make you mine
You're my sunshine Take me with you when you go
To be with you is all I know
As we ride, we light the fire
The second sun's our loves desire
Oh, well
I'll make you mine
You're my sunshine
I'll make you mine
You're my sunshine Oh, well The sun shines brighter from above
And you're the woman that I love
We climb the mountain even higher
Kiss the sun, fight the fire I'll make you mine
You're my sunshine
I'll make you mine
You're my sunshine
Well, well, well
Could you, could you
Well, well
Well
Yeah
