

# As You Speak

## On Broken Wings

such convictions,  
i feel like stuttering.  
i just wanted to move.  
"listen on the  
subjects i've found.  
on the importance  
of this liquid.  
i get last laughs now.  
it's not at all how  
i'd predicted."  
there was never pressure.  
you just seep in to what  
ever mold you're in the  
presence of long  
enough to fill out.  
as you speak,  
walk away.  
keep walking.  
drop dead.  
say what you mean to,  
you fucking liar.  
soapbox hero  
fake.  
"i should be coming  
clean tonight."  
he said.  
"i wont swell up with  
pride tonight."  
he said.  
if your're living a lie.  
them i'm living a lie.  
and you've parted with  
nothing new tonight.
