

# Anthem for the Underdog

## 12 Stones

You say you know just who I am  
But you can't imagine  
What waits for you across the line  
You thought you had me But I'm still here standing  
And I'm tired of backing down And I'm here now feeling the pain  
Of a thousand hearts  
Been to hell and back again  
I won't take this You try so hard to bring me down  
You can't break the broken  
You still don't seem to understand  
It's your turn to see just How it feels to be me  
How it feels to be knocked down And you're here now feeling the pain  
Of a thousand hearts  
You've been to hell and back again  
You can't take this Remember  
This feeling How it feels to be alive  
Now you see me through my eyes And we're here now feeling the beat  
Of a thousand hearts  
Coming back to life again  
We can make it Remember  
This feeling  
Remember
