Forever

Skid Row

Remember when we were young
Just two kids on the run
With our fists full of dreams

Took it awhile, playin' it cool
Stayed up late cuttin' school
While lightin' cigarettes, like James Dean

In the backseat of my Chevrolet
Where the radio would play and play
And all the world would fade away

Together we stand
Well, its just you and me
So baby, hold on and you'll see
Forever we stand
And we'll make it through
'Cause I know that I can't live without you

No...

They said we're growin' up too fast
What we had would never last
So we left without goodbyes

And then some times, well, they got tough
Roads ahead looked kinda rough
And all we had was you and I

We prayed to God on those cold, dark nights
And then we knew that it would be alright
We'd go through hell just to hold each other tight

Together we stand
Well, its just you and me
So baby, hold on and you'll see
Forever we stand
And we'll make it through
'Cause I know that I can't live without you

As long as the world keeps turning,
As long as there's another day
Together, forever we'll stay

Yeah!

In the backseat of my Chevrolet
Where the radio would play and play
And all the world would fade away

Yeah!

Together we stand
Well, its just you and me
So baby, hold on and you'll see
Forever we stand
And we'll make it through
'Cause I know that I can't live without you

Forever
Forever
Forever we stand
Forever
Forever
Forever we stand!
