

Bottom Of The Floor

Dishwalla

You're not the one to live for, you're not the one to die for
And you think, you know what life's about
But when the bottom of your floor starts falling out, it's falling out
Last night at the party, you let it out
You never seem happy, it wears me out
At something so stupid, you wear the crown
And there will always be this thing
You just can't live without, so pull your head out
You're not the one to live for, you're not the one to die for
And you think, you know what life's about
But when the bottom of your floor starts falling out, it's falling out
Later at the party, I was passing out
You're something so filthy, it eats me out
It needs never ending, you wear the crown
There will always be this thing
You just can't live without, so pull your head out
You're not the one to live for, you're not the one to die for
And you think, you know what life's about
But when the bottom of the floor starts falling out, you're falling out
There will always be this thing
You just can't live without, so pull your head out
You're not the one to live for, you're not the one to die for
And you think, you know what life's about
But when the bottom of your floor starts falling out, it's falling out
