

# Cold Hands (Warm Heart)

Brendan Benson

Cold hands, warm heart  
We just need some time apart  
And everything will be okay  
Oh no, not again  
Why does it always happen?  
It seems like every other day

You're too quiet, I'm too loud  
Now we've rid a storm cloud  
I'll see you on the other side  
Old habits, young ways  
Maybe we're just a phase  
But we can say we really try

And it really shouldn't be this hard  
You know it really shouldn't be  
And if we can only see it this far  
Well then I hate to say it, but it's obvious  
I'm telling you, girl, there's no future for us

All talk, no action  
So what's the big attraction?  
And don't tell me it's "just because"  
All work, no play  
Don't wanna go on this way  
I wanna go back to the way it was

And it really shouldn't be this hard  
You know it really shouldn't be  
And if we can only take it this far  
Well then we've got to end it before it's too late  
The love that is left turns quickly to hate

Cold hands, warm heart  
We just need some time apart  
And everything will be okay
