

Lay Back

Kinky

Sit back down
Lay back down

Lay back and let it go
Cause it only gets worse
Life it's shit, then you die
And the heaven doors are close
Lay back

Now what you hear is not a test
Somebody better go get my cash
And as a matter of fact
Like a heart attack
I suggest you all sit back
Its like I been telling you from so long
Shit can go real real wrong
Let live flow, act like you know
Hell yeah we gonna drop that bomb

Lay back dance or pretend
Cause this is as good
This is as good
This is as good as it gets
I'm sorry its the pot of gold already gone
Don't you know life its like a shot gun
Keep chilling kick back have fun
Don't you know life its like a shot gun
Pipe down and say it low cause
Life its the only heaven we know
Pipe down and say it low cause
Life its the only heaven we know
