Let It All Be Music

Boney M.

Music is a mirror
Near around my soul
Music is the spirit
Come on let it roll
Music is my nature
People have you heard
Music is my future
Music is the world
Let it all be music
People sing a song
Let it all be music
Let us sing it on and on and on
Let's play the music
My kind of music
Let's play the music
Play it on and on and on and on
Music isn't somewhere
Music turns you right
Music is a fever
Leads you day and night
Music is like heaven
Where you wanna be
Music is religion
Music set's you free
Let it all be music
People sing a song
Let it all be music
Let us sing it on and on and on
Let's play the music
My kind of music
Let's play the music
Play it on and on and on and on
Music is tomorrow
Music is today
Music is forever
Music is the way
Music is for women
Music is for men
Music is for children

Sing it all again
Let it all be music
People sing a song
Let it all be music
Let us sing it on and on and on
Let's play the music
My kind of music
Let's play the music
Play it on and on and on and on
