

Heart At War

Lil' Eddie

Ohh, ohh, ohh, yeah...
I, I, feel like I'm spinning in the eye, of us all
Remember when we use to walk around us
Go with the wind blows before the tornado
My oh my, baby we weren't built to fly, fly (no)
If I knew how to make a pair of wings to snatch you up like eagle never let go
Why are we fighting, When I'm on the side
I'm jumping threw fire to keep us alive
It's the cry of a heart at war (ohh)
This is the cry of a heart at war
It doesn't matter whose wrong or right
Let save it's love so loves on the line
It's the cry of a heart at war (ohh)
This is the cry of a heart
The cry of a heart at war
For your love I'm a warrior
I'm a fight to save a love (oh oh oh)
For you love I'm a warrior
Battle I'm ready to go (ohh)
For your love I'm a warrior
I'm a fight to save a love (oh oh oh)
I'm a come head to toe battle ready to go (ohh)
Let down your weapons
You brought us up like baby it's armageddon (yeah)
If everybody screaming it's impossible
That we could be listening (no ones listening)
If this is the end(the end) like a train (like a train)
There be smoke in the air going out with a bang
Till the end (till the end) all this pain (all this pain)
Let go to the arms of your angel
Why are we fighting, When I'm on the side
I'm jumping threw fire to keep us alive
It's the cry of a heart at war (ohh)

This is the cry of a heart at war
It doesn't matter whose wrong or right
Let save it's love so loves on the line
It's the cry of a heart at war (ohh)
This is the cry of a heart

The cry of a heart at war
For your love I'm a warrior
I'm a fight to save a love (oh oh oh)
For you love I'm a warrior
Battle I'm ready to go (ohh)
For your love I'm a warrior
I'm a fight to save a love (oh oh oh)
I'm a come head to toe battle ready to go (ohh)
I surrender... Both my hands up
Who'd let you in, forfeit I give in
Just, just to start over again
I surrender throw my safeguard
Cause I'm not your enemy
Why are we fighting, When I'm on the side
I'm jumping threw fire to keep us alive
It's the cry of a heart at war (ohh)
This is the cry of a heart at war
It doesn't matter whose wrong or right (wrong or right)
Let save it's love so loves on the line (loves on the line)
It's the cry of a heart at war, ohh (at war)
This is the cry of a heart (ohh)
The cry of a heart at war
For your love I'm a warrior
I'm a fight to save a love (oh oh oh)
For you love I'm a warrior
Battle I'm ready to go (ohh)
For your love I'm a warrior
I'm a fight to save a love (oh oh oh)
I'm a come head to toe battle ready to go (ohh)
