Bleeding All Over The Place

[Randy Newman](#)

Sounds like a real sad song
Why don't you love me like you used to do?
Are you trying to break my heart?
(Not me, baby)
I know there's somethin' goin' on with you
(Uhh, uhh)
Whatever it is, it's tearin' me apart
I walk along the river every night
Tryin' to figure out why we fuss and fight
Is love once again to slip right through my hand?
(I hope not)
Baby, have you been messin' with another man, oh?
(Oh)
I'm bleedin' all over the place, bleedin' all over the place
I don't mean to be rude but I'm in a pretty bad mood
Just take a look at my face
(Yep, you look awful)
I'm bleedin' all over the place, bleedin' all over
Someone call a doctor
We got a serious case of bleedin' all over the place
Why don't you love me like you used to do?
(He's startin' to repeat himself, now)
Tell me, what did I do wrong?
Seems like you're through with me
I wasn't through with you
My love for you is still very strong
(Oh, yeah?)
I wander aimlessly, not knowing what to do
I've become quite shameless in my love for you
I'm tryin' real hard to understand
Have you been sleeping with another man baby, baby?
I'm bleedin' all over the place
(Ooh, that's a little high for you, isn't it?)
Bleedin' all over
Get me a witness to record my disgrace
How I've been dishonored, deceived and debased
Then someone get me a band-aid
Before I fall on my fuckin' face
'Cause I'm bleedin' all over the place
