

# Hot Blood Risin'

## My Life With the Thrill Kill Kult

I am what I am and I'm on fire  
And I hate you 'cause you hate me  
If you climbed inside my mind  
All you'd find is revolution  
Come on, get in  
Jump into my chevy this time I'm gonna make it  
Power up the mainline gonna ride it to Las Vegas  
Breaking all the rules and I can feel  
Feel the hot blood rising  
Split level sinners are yesterday's winners  
I'm not like you, you won't change me  
Just a holiday chaser in search of my destiny  
Come on, get in  
Jump into my chevy this time I'm gonna make it  
Power up the mainline gonna ride it to Las Vegas  
Breaking all the rules and I can feel  
Feel the hot blood rising, baby, the hot blood rising, oh woh yeah  
Why don't ya climb in?  
Why don't ya climb in?  
Come on, get in  
Misfit believers and zodiac teasers  
Show baby skin games surrender your soul  
Flesh following arrows to avenues nowhere  
Come on, get in  
Jump into my chevy this time I'm gonna make it  
Power up the mainline gonna ride it to Las Vegas  
Breaking all the rules and I can feel  
Feel the hot blood rising  
Gonna ride it to Las Vegas  
Gonna ride it to Las Vegas  
Gonna ride it to Las Vegas
