Eyes On Me Remix

Shide Boss

(Intro)

Itâ€™s the remix
Itâ€™s the remix, yeah yeah (x2)

All eyes on me
Yeah yeah

(Verse 1- Shide Boss)
My team be the realest
Thatâ€™s why I called mandem for the remix
Itâ€™s all eyes on us right now
We gonâ€™ buss right now
And I know that you feel it
You man are just sideline
Your girlâ€™s posting her pics on my timeline
Yeah yeah yeah yeah (trust me)
Iâ€™m feeling like man of the year
Tell your girlfriend she can just jam over here
Certain guys are more bitchy than these women are
You man are fake my place where the winners are
Some man are just actors
You belong in the cinema
(Ohhh na na)
All eyes on me
(Ohhh na na)
All eyes on me

(Verse 2 - Sox)
They got their eyes on me
Yeah Iâ€™m in the club, Iâ€™m a oneâ€™s G
Poppinâ€™ bottles like I won the lottery
Come and holla at me if you ever spot me
Girls say Iâ€™m sexy, I say Iâ€™m Soxy
These haters wanna block me, they looking at me wrongly
I linked up with Shide because heâ€™s moving like a boss
Couple pon da rhythm you know itâ€™s going off
From the left to the right yeah these haters wanna watch
From Birmingham to Bristol, from London up to Nots
Even man up in the States man are getting pays getting gwap

Weâ€™re cleaning up the block yeah I never had a mop
Yeah we started from the bottom so weâ€™re never gonna stop
See me with Gino or Little Chops
Standing at the bar spitting bars sippinâ€™ on my scotch
Bad bitch over there looking at my crotch
All eyes on me but you keep your hands off

(Chorus)
I said ohh na na
All eyes on me, all eyes on me
Ohh na na
Tell me what you see yeah, tell me what you see

(Verse 3 - Skinz)
She tryna say she never knew I was a rapper
She never seen me in her life
Never mind the cut she wanted me to trap her
She addicted to the hustle (to the hustle)
Love them niggas in that swag (in that swag)
I seen her looking at my [unsure]
All my diamonds in my chain, look [unsure]
All my niggas shy boss, all my niggas shy boss
Looking like money every time we slide in
I just came to turn up
Itâ€™s my brudda Shideâ€™ sting
So why these fuckboys got their eyes on me
Never nothing physical
Dickheadâ€™s probably dropped dimes on me
Why you wanna take this shine from me

(Verse 4 - Shide Boss)

Everybody wants to look at me, look at me
Everybody wants to follow me, follow me
Everybody wants to copy me, copy me
Everybody wants a piece of G

If you wanna stay baby then you can stay with me
If you wanna play baby then you can play with me
If you wanna find your way then baby we can see
But [unsure] we could go to and sit right by the sea

Just be
With me
Pretty please
Iâ€™ll make it sound so easy just like ABC

I donâ€™t wanna rush you girl just be easy
We could walk around town or watch TV
A little bit of Netflix, scary movie
My eyes are on you, and your eyes are on me
My bodyâ€™s on you, and your bodyâ€™s on me

(Chorus)

I said ohh na na
All eyes on me, all eyes on me
Tell me what you see yeah, tell me what you see
