Keep On Going

Vivian Green

The days are overwhelming
I swear I just can't tell if I'm
Coming or going, I wish I was all knowing
Cause I wanna fly, but what if I fall right on my face
But I can't stop here, I gotta face my fear
Or everyday before this was in vein
So I got to keep on going on
And I can't stop for nothing
So I got to keep going on and on and on
My anxiety is killing me
Sleepless nights I must defeat
'Cause nothing's really wrong
Guess it just took so long

For me to get to the place, I wanted to be
Now that I'm here, I gotta face my fear
Or everyday before this was in vein
So I got to keep on going on
And I can't stop for nothing
So I got to keep going on and on and on
I've gotta hold my head up high
Can't settle for just a little bit of sky
Can't be afraid to spread my wings and fly
I've gotta turn my dreams into life
So I got to keep on going on
And I can't stop for nothing
So I got to keep going on and on and on
