# Kombaya

## Frederick Roussel

Kombaya
That's what they all say
You get a brick wall baby
Every step of the wayYou wanna make a difference
And make your mother proud
You say kombaya
That's what it's all aboutKombaya
You get a lump of coal
Or a little silver bullet
From the grassy knollKombaya
She said a fiddledee
I said kombaya
I know what you meanKombaya
That's what they all say
You get a brick wall honey
Every step of the wayYou wanna make a difference
And make your mother proud
You say kombaya that's what its all aboutKombayaKombaya
