This Is Love

Jonathan Butler

I met the smiling face of love
She's in my mind always
Through the hero she put into
My life
She kisses all my daysi used to see a twisted face
The only one I knew
I kissed the burning lips of lust
It's all I knew to doThis is my love
This is my love
How I wished for her
Good fortune
I tried so hard to see
I listened to the night time breeze
But she is quiet as can beIn all the searching we do
To find love's gentle being
If we open more than just our eyes
We might know what
We're seeing[Repeat: x4]
This is my loveI met the smiling face of love
She's in my mind always
Through the hero she put into
My life
She kisses all my daysi used to see a twisted face
The only one I knew
I kissed the burning lips of lust
It's all I knew to do[Repeat: x4]
This is my love
