

Right On Time

Red Hot Chili Peppers

One shot, all I need
I've got rhythm when I bleed
Til death do us apart
Break my heart so I can start Supercalifragilistic
Kiss me in the futuristic
Twisted but I must insist
It's time to get on top of this It's right on time
It's right on time
It's right on time
(It's right on time, it's right on time
It's right on time, it's right on time)
It's right on time
(Lookin' fine, you're lookin' fine and get on 1999) Discard to bombard
Calling all you shooting stars
Holy cow, bow wow wow
Now I'm here, I'm nowhere now Joan of Arc reincarnated
Maybe we could be related
So much blood to circulate
And so much space to decorate It's right on time
It's right on time
It's right on time
(It's right on time, it's right on time
It's right on time, it's right on time)
It's right on time
(Lookin' fine, you're lookin' fine and get on 1999) It's right on time
It's right on time
It's right on time
It's right on time Well, plain and simple pain
I want to but I can't complain
Death row, let us go
It's time to blow up for show All the world reverberated
Coming through, we motorcaded
Start off when we operated
Turing up in solid stated Oh Lord
