Nocturnal Blasphemies

Grotesque

Come with me - into the darkNocturnal, born of evil
And the seed of death
Through diabolic breeding
On a virgin wombBlasphemy
My prayers answered finally
The answer came forth
Through the mistSeparate reality
Nocturnal BlasphemyTo the notes
Of buried blasphemy
From the elder earth
Rise the hellish beast
Damnation left forsaken
In a crypt below
The total lie of god
Now unfoldsNocturnal blasphemiesThe days of god are over
And the sun, like any other Sabbath,
Goes down into the sea
Running into the very last twilight
My faith in my soul,
My mind and my wisdom goes onMy life was meant to be
Eternal blasphemy
To blaspheme against
The church and Jehovah
A separate reality
Deep within my mind
In league forever
With horned divineNocturnal blasphemies
