

# Crazy That Way

## Anjulie

Sometimes I lock myself inside your closet  
Breathe in the scent of your clothes  
Take home a T-shirt and pretend I lost it  
Hide it under my pillow, call me  
Crazy, I'm crazy that way  
Boy, I must be insane  
Crazy, I'm in need, don't care what people say  
I'm crazy that way, I'm crazy that way  
Baby, I don't wanna talk about it  
I got this feeling in me I know  
There's no reason to deny or doubt it  
Only thing that keeps me from going  
Crazy, I'm crazy that way  
Boy, I must be insane

Crazy, I'm in need, don't care what people say  
I'm crazy that way  
And my imagination runs away with me  
I try and fight it but it's more than I can take  
See the fire burning in my eyes and you realize  
I'm crazy that way  
Crazy, crazy that way  
Boy, I must be insane  
Crazy, I'm in need, don't care what people say  
I'm crazy that way, crazy that way  
La, la, la, la, la, la  
I'm crazy that way
