All I Know

Matt Wertz

I don't know how the stars hang
Or how there's night and then there's day
I dont know how you spoke into the black
And made it all obey
All I know is the bleeding in my heart
And the healing in your touch
All I know is that you gave everything
So let that be enough
'Cause it's all I know
I dont know how your love works
How you cover me in grace
I dont know how you swallow all I am
When I can't stand my taste
All I know is the bleeding in my heart

And the healing in your touch
All I know is that you gave everything
So let that be enough
'Cause it's all I know
I can't explain your mystery
But I know the answer
All I know is the bleeding in my heart
And the healing in your touch
All I know is that you gave everything
So let that be enough
'Cause it's all I know
