

So Lonely Was The Ballad (demo)

Jamie T

So lonely was the ballad
Harmonica man Sam was so knackered after jives of love
He puts on the gloves and then puts on his hat
Then its home to the missus who sits on his tongue
Selfish sons with their packs of cigarettes
Forking out two take your girl with the ticket
Sometimes sane other times not with it
Standing at the picket, man your hands they're freezing Girls with their pearls on the flex of Monroe
Half g blow Marilyn's gone loco
Navaho... hi ho silver, Hey ho lets go dancing with the average Joes
Who talk with their fists and argue with their friends
Always take the piss but they're loyal in the end
But watch out cous 'cause they'll steal your girlfriend
Take her round the back; she'll come back limping Girls singing on the bus
Fellas kicking up a fuss
Crying out sighs but they're still looking dangerous
Oh this is definitely all for you
Living life in the fast lane
Give it up when you got no game
Oh this is definitely all for you So remember when you choke there's a reason bein'
We leavin' the town 'cause we ain't been believin'
Blowin' up smoke from the lungs to the ceiling
Makin' sure nightmares turn up in your dreamin'
We all good, bounce this way, on the mike every day
Kicking up the country oh
Good time in the old city
Who's listening and who wants more? Girls singing on the bus
Fellas kicking up a fuss
Crying out sighs but they're still looking dangerous
Oh this is definitely all for you
Living life in the fast lane
Give it up when you got no game
Oh this is definitely all for you (Spoken Word)
And how it was they noticed how the panic times subsided after listening to this tape, so we would appreciate your feedback. People who have panic attacks often feel that they should be able to deal with them and indeed the resources you need are already within you its just that sometimes the appropriate responses to a particular situation are not immediately accessible Some of them said you never made the cut and young son break away
wanna be older
Sober as a judge as the door slammed shut

3 bags full and a yes for the no sir
Say as you leave, "get up and go, go"
Say "hello Showaddy waddy wa wo wo"
There's never been a better way than getting right out of this town on Monday
Well I still wear my old tap shoes, they fit
You and me looked twelve years old back when I was ten whilst boozy suzie got woozy with a hoozy,
advantage taken
If I ever see again that chaperone get kicked in the teeth by street-done Tone
Well her dress is ripped and her shoes are soakin'
1 step, 3 back, drinking potion
Girls singing on the bus
Fellas kicking up a fuss
Crying out sighs but they're still looking dangerous
Oh this is definitely all for you
Living life in the fast lane
Give it up when you got no game
Oh this is definitely all for you
