

Satellite

Gabbie Hanna

I'm surrounded by stars, but they don't hear me wishing
It's funny how a crowded room can feel so damn alone
They can't hear my mind maybe they're just not listening

So I remind myself I'm better off on my own
Been standing on the edge for way too long

Just waiting for the place that I belong
I'm a satellite

I'm a satellite

I'm on the outside looking in
They don't know just where I been

I'm a satellite

Unless you let me in

These indigo nights, it's the life that I've been living
But when the sun comes up, that's when the shadows go

They think they got it all

They don't know what they're missing

I got so much to give

But I'm keeping it closed
These days are slow, but the nights move way too fast

Need to know you want me here before I ask
I'm a satellite

I'm a satellite

I'm on the outside looking in
They don't know just where I been

I'm a satellite

Unless you let me in

Guess I gotta be content with

Playing in the darkness

A lovely place to hide, but

Hide and seek is only fun if

Somebody is looking

And nobody got the time
Oh maybe I'm too quick to pass the blame

Maybe I should ask someone to play
I'm a satellite

I'm a satellite

I'm on the outside looking in

They don't know just where I been

I'm a satellite
I'm a satellite

I'm a satellite

I can make it on my own

The fallen star of a one man show

I'm a satellite
I'm a satellite

I'm a satellite

I'm on the outside looking

Want you to know just where I've been

Don't wanna be a satellite

So please let me in
