Hatred In My Soul

Primal Fear

They've been hunting me
They have prisoned me
The put torture on my mind
Down in this dark hole, every night alone
A place where generations diedAin't dead yet, I'm still alive
They gonna pay the price
Hatred in my soul
I'm a beast come feel my anger
Take my vengeance
And I swear to my self, I'm gonna get you
You gonna pay for your crimeVoices in my ears, crying out in fear
It's the point of no return
Ain't dead yet, I'm still alive
They gonna pay the priceHatred in my soul
I'm a beast come feel my anger
Take my vengeance
And I swear to my self, I'm gonna get you
You gonna pay for your crimeJust out of hand
In this god damned land
Now this place is gonna burn
Ain't dead yet, I'm still alive
They gonna pay the priceHatred in my soul
I'm a beast come feel my anger
Take my vengeance
And I swear to my self, I'm gonna get you
You gonna pay for your crime
